Consent Agenda Item 2: Chairman Smith said the reason he asked for Consent Agenda Item 2 to be removed for discussion was because there was a revision of the cost savings indicated in the agenda package, and he asked Finance Director Mary Holland to explain the revision.

Ms. Holland reviewed the request as submitted in the agenda package before informing the Board that the Sheriff's Department was able to augment their cost savings by \$39,375 after it completed a separate review of its budget. She stated that with the additional cost savings identified by the Sheriff's Department, the aggregate savings identified by all County departments was \$1,645,140 in the General Fund. She noted that the Sheriff's Department also provided additional information related to a capital project for \$5,328 that was already included in the Capital Projects listing Consent Agenda item. OLD BUSINESS:

- B. Representatives from TDK have requested a hearing with the Board of Commissioners concerning a request for tax refunds. This request was last discussed at the January 22, 2008 Board of Commissioners meeting.**

The representatives from TDK did not appear for the hearing they had requested before the Board of Commissioners. Before County Attorney Scott Bennett reported that staff was recommending TDK's request be denied, he mentioned that he spoke to representatives from TDK who indicated they might abandon their appeal but did not submit a formal request to abandon the appeal.

Commissioner Maxwell moved to deny TDK's request for a refund due to the lack of a representative from TDK being present. Commissioner Frady seconded the motion. The motion passed unanimously. A copy of the request, identified as "Attachment 8", follows these minutes and is made an official part hereof.

NEW BUSINESS:

- C. Consideration of a request from Fayette Senior Services to allow them to expand the use of their site to include a therapeutic garden.**

Executive Director of Fayette Senior Services Debbie Britt, Landscape Designer Tim Martin of Andy's Nursery, and Fayette County Master Gardener Susan Stewart spoke to the Board about expanding the use of their site to include a therapeutic garden, the people who would benefit from the garden, where the garden would be located, the type of plants in the garden, and how funds would be raised to pay for the garden.

In response to questions from the Board, Ms. Britt stated that the proposed plans were what Fayette Senior Services actually wanted to build, described how the garden would look and where it would be located, assured the Board that the garden would look "absolutely beautiful" and would be like a park, that it was realistic to expect the garden to be constructed in about four to six months, and that it would be maintained by Fayette Senior Services, Master Gardeners, and other volunteers. The Commissioners thanked Fayette Senior Services, and Mr. Martin, for their work on the project.

Commissioner Frady moved to approve Fayette Senior Services' request to expand the use of their site to include a therapeutic garden. Commissioner Horgan seconded the motion. Chairman Smith thanked Mr. Martin for the work he has accomplished, and thanked the representatives for all their hard work by continuing to improve the situation. He noted that it was admirable that they were able to make improvements without asking the Board for funding. The motion passed unanimously. A copy of the request, identified as "Attachment 9", follows these minutes and is made an official part hereof.

He asked for the Board's consent authorizing the County Administrator to conduct an analysis which would include cost estimates and funding sources on the property and to return with a report to the Board as early as possible. Commissioner Hearn asked that the study also distinguish who would "carry the ball" in terms of doing the engineering work since that preliminary work would need to be accomplished before anything else, and that the work could be expensive.
